3. Change Log

Version#	Date	#CR	Description of Change

4. Background Information

4.1 Current Environment:

D Health Clinic is a rapidly growing healthcare facility with an existing company website that requires updating.

5. Assumptions & Constraints

5.1 Assumptions

5.1.1 The clinic's existing website supports embedding or linking to the appointment booking interface without requiring a complete site redesign.

5.1.2 Clinic operating hours and doctor schedules are predefined and remain consistent each week for the purpose of the prototype.

5.1.3 Patients and staff will have reliable internet access to use the online booking system.

5.2 Constraints

5.2.1 The project is a front-end simulation only, with no live database or backend functionality implemented.

5.2.2 The system will support English language only during the prototype phase.

5.2.3 All patient data used in the demo are fictional and non-sensitive, ensuring data privacy compliance.

6. Summary Of the System/Applications Impact

Select the systems/applications that would be impacted due to this project and/or that need to be thoroughly tested during the execution of this project.

System/Application	Project Impact	Testing Impact	Business Owner	Application Owner
Share Point	☐ Yes ☐ No	☐ Yes ☐ No		
D Health Clinic website	☐ Yes ☐ No	☐ Yes ☐ No		
Back End (Database / Server)	☐ Yes ☐ No	☐ Yes ☐ No		

7. Online Appointment Booking Via Website

7.1 Business Rules:

A patient who has selected a valid date, time, and service type, and provided all mandatory information, is eligible to confirm an appointment online.

Req ID	Description	Business Owner	Status
BR-01	**"D Health clinic" appointment booking Eligibility** • Patients under 16 must be accompanied by adult • New patient must complete the registration form before the first appointment • Patient can only book an appointment during the clinic duration hours (9:00 am – 5:00 pm)		
BR-02	**"D Health Clinic" Scheduling and registration** • A patient can book an appointment after completing the registration form • The patient must complete an email confirmation to schedule an appointment		

	• A patient CANNOT schedule more than two appointments per a day • A patient who has selected a valid date, time, and service type, and provided all mandatory information, is eligible to confirm an appointment online. • An appointment must be schedule before 2 hours from the actual time slot		
BR-03	**“D Health clinic” Appointment cancelation rules** • The patient can cancel their appointment up to four hours before the scheduled time. • Cancellations within 2 hours of appointment time violate clinic policy and require staff intervention		
BR-04	**D Health clinic’s doctor assignment rules** • IF service type is 'paediatric' THEN assign to paediatric doctor ONLY • Each doctor CANNOT have more than 8 appoints for a day • Appointments must be scheduled individually, not concurrently.
